December 4, 2008

Mr. Phil Rose
President
Full Throttle Entertainment
3650 Coral Ridge Drive, Suite #103
Coral Springs, FL 33065

Dear Phil,

Thank you so much for your assistance with our Casino Night on November 8, 2008 to benefit The Children's Fund for Glycogen Storage Disease Research.

You were truly a pleasure to work with throughout the planning process. Your set up and break down was seamless. Your Casino staff was extremely professional and the MC, DJ and technical staff did a fantastic job of organizing, executing and keeping the party going.

Our foundation is committed to funding research so that children born with Glycogen Storage Disease will benefit from early detection, treatment and an eventual cure. We appreciate your willingness to work with us to help create an easier life for children and families affected by GSD. Please follow our efforts by visiting our website, www.cureGSD.org.

Again, thanks for your support Phil. I will be in touch shortly to begin the planning process for next year.

Best regards,

Lisa Hodes
Board Member, The Children's Fund for GSD Research and Event Chair, The Children's Fund GSD Golf Classic & Casino
